About Growing Hope

Growing Hope is a 15-year-old non-profit organization rooted in Ypsilanti, Michigan whose mission is to foster an equitable and sustainable local food system that empowers all people to grow, buy, sell, prepare, and eat nourishing food. We envision a community where all people--particularly those with barriers due to race, class, culture, language, ability, and mobility--have access to nourishing local food that is culturally appropriate and affordable. People can grow and prepare their own harvests, and may earn a living as a food grower, producer, or entrepreneur.

Our areas of work include Youth & Schools, Farm & Garden, Farmers Markets, and Food Entrepreneurship. This position will work out of the Ypsilanti Farmers MarketPlace and in two Ypsilanti senior locations.

Organizational Culture and Values

Our culture is rooted in our values: Transformation, Education, Justice & Equity, Placemaking, and Integrity. We commit to upholding inclusive practices and policies while creating space for courageous conversations as a staff and within our community. Instead of simply providing services, we aim to leverage the vast resources already within our community in order to empower and partner with participants and customers. We believe that community members have the ability to make their own decisions about their health and wellness goals and that Growing Hope acts as a resource to increase access and opportunities to meet these goals.
